The revolution is effectually put down in the Southern provinces, and from the vigorous measures recently adopted by the government to suppress the insurrectionary movement in the North, the revolution throughout Chili may be considered as virtually at an end .-Already 1,050 government troops have been thrown forward at Coquimbo to operate against the revolutionists in Huasco and Copiano, who only number, all told, it is

AN EXAMPLE FOR BOYS .- Capt. Hudson, of the Ningara, was once, says the Jamaica (Long Island) Farmer, a baker boy in Brooklyn. One day he chanced to be in the Navy Yard at Brooklyn, and the thought struck him that he would like to enter the navy. So, going to the proper officer, he applied for admission .-The novelty of seeing a lad alone, boldly asking for a place so often secured by political preferences, or by the entreaties of influential friends, attracted at once the attention of the officer, and he inquired, "What can you do?" The reply was prompt and decisive : "Anything that another boy can." He was told to call again, and a few days passed, and the place was given to the enterprising lad. Scarcely in his new position he began to show marks of genius and apitude which outdid his associates, and step by step the baker's boy rose to influence and rank, and to-day he stands among the highest in rank and most influential in power of the great ones who compose the United States Navy. Such, in brief, is the career of William N. Hudson, commander of the United States steamer Niagara.

The deceased was, for the last 3 years of her life, laboring under that fatal disease, consumption, and for the last 6 months of that period confined to her bed; but being a Christian hearted woman, she bore her sickness with the 1859. greatest fortitude and patience-never uttering a word of complaint. She was conscious that she was dying even to the last moments of her life, when she closed her eyes on earth only to be opened in Heaven.

Mrs. Bass leaves five dear and affectionate children, two kind and loving sisters, and a large circle of relatives and friends to mourn her death. 139_Herald please copy.
